

...At the
villa in
Korotama.

Oh, wow.
O

This
episode
takes
place.

Amazing that
she had to
build in the
human World.

I'm
jealous
that she
has it all
here.

Aw, I
really
wanted
to be
close
with Schi-
sano.

Now,
now.

Good
to
see
you.

Papio Love Potion Is Exciting ☆ Real Intense

I really had a great time drawing this episode! It was fun
being able to draw a lot of those babies. (Since she doesn't show
up often...) I got a chance to do close-up shots of other
characters, too. My assistants (goddesses) actually designed
everyone's outfits in this episode. There are ones I redesigned
to my taste, but I think they look good and fit the characters
personally well. Thank you to my assistants.

I like the cover page as well. I drew it with an idea of the
10th anniversary program... (laughs) But it turned out kind of
off-season. It looks too much like in the early season for the
December issue of the magazine. It was perfect for this
book's release.

Hey
 don't

 a
 man!

What

Bold 1st!

Hey, a
 single
 girl!

Future
 dream

Cooking
 is pretty
 difficult...

It's
 so
 hard

—It's hard
 but I'm
 doing
 most of the
 cooking...

It helps in
capturing
someone's
heart.

It's the
ultimate love
poison, "Orbust
Per You!"

So
he
has
his...

I finally
got a
chance to
see this...

What
does
that?

Oh, my.
Loli-sensei!
♡♡

If Loli-sensei
has his hand
with this
thing, he'll be
gone! ♡

Sensei!
Let's
see.

My, I
wonder
where she
got it.

Oh, my.
♡
Loli-sensei!
♡

What are
you doing,
Sensei?
Come over
here.

Don't
go near
the
fire.

Ugh, I
can't
open it!

Oh, is
that it?

I
found
the
salt.

Oh,
you
didn't!

Then
what
was
this...?

Maybe it's
all right.

Here it is.

I forgot that I left the love potion in the kitchen.

I want put it in Ichirou's hand before he uses it.

Waaaa!!

Oh, that was that game? I accidentally poured it in...

Why is that almost empty?!

ぽくん

No, I'm serious...

What are you saying, For-chan? You can't be serious...

Muh??

I'm really... in love with you

What's that?

What's that...

Hello!

Hello to those I'm meeting
for the first time and to
those I'm not! This is Ichigo
Kurosaki.

Wowzer! Lollipop, it's cool!
That was quick! I'm so
happy.

I'm including my comments,
questions and answer page,
character profiles and
Illustration do-do again. We
did the character popular-
ity poll so I'll give those the
results as well! I hope you'll
enjoy them!

I've been so busy lately,
but I'm hanging in there. If
people who follow this in the
books and the magazines
are back having fun reading
this wangle, then I'm happy.
Now, I hope you'll enjoy the
book.

So, you
don't!

I didn't take
the poison, so
I'm all right.

Love!

Gauze

It's probably
you.

It's hard to know what she's thinking.

No, no! Forget that!

Are you going to leave a five-year-old here?!

Suu-chuu, I'm coming, too!

She doesn't really need a person to kiss her on her mouth to break the spell, but I won't tell her.

Of course, I won't. ♡

Don't do anything.

Wait
